Thank you for reaching out to learn more about my Medicare services!

As a licensed Medicare Insurance Agent, I am here to help you navigate all aspects of Medicare, including Medicare Advantage, Medicare Supplement (Medigap) plans, and Stand-Alone Prescription Drug Plans.

I have spent more than 15 years working behind the scenes in the healthcare industry and hold a certification in Medical Coding and Billing.

Because of this background, I deeply understand how the system works and am passionate about using that knowledge to help you.

My promise to you is simple: I will keep you well-informed, up-to-date, and confident about your health plan options. Medicare changes constantly, and my goal is to provide you with excellent service by staying ahead of those updates and breaking them down for you. Best of all, my services are 100% complimentary to you, as I am compensated directly by the health plans I represent. I look forward to helping you with all of your Medicare health needs and would love the privilege of becoming your trusted Insurance Agent!

Warmly,

Brianna "Bri" Ford-Harris
Licensed Medicare Insurance Agent
